

visualizing teacher leadership

An infographic representing the many facets of teacher leadership and resources to support it.

"Infographics are graphic visual representations of information, data or knowledge. These graphics present complex information quickly and clearly, such as in signs, maps, journalism, technical writing, and education."

VALUES AND BELIEFS BEHIND THE INFOGRAPHIC

As seen in the research around Teacher Leadership, defining what it is and how it develops is a complex idea. The infographic allows us to visually capture, with limited text, our findings around teacher leadership; what defines and illustrates it. The tree and axe illustrate our belief that developing and supporting teacher leadership allows it to grow within all and recognizes the many possible threats to that leadership.

THINKING AND PRACTICE THAT LED TO CREATION OF THE INFOGRAPHIC

In creating the teacher leadership infographic we started with the following questions:

- What might it mean to be a teacher leader?
- What might it look and sound like?
- What were some of our own experiences with teacher leadership?
